Zoning Ordinance Gets Approval Of County Officials

Urgency Measure To Give Protection Against Undesirables

After weeks of preparation and study, the board of supervisors last week at their mid-monthly meeting gave unanimous approval to a temporary interim zoning ordinance for the control and orderly development of the Truckee area.

The ordinance was designed to prevent the construction of undesirable or temporary structures which may result from the announcement that the 1960 Winter Olympic Games will be held in this district.

Under its terms, Zoning District No. 2 has been formed. This includes a strip one-half mile wide on each side of U. S. Highway 40 from Floriston to Donner Summit.

The urgency measure provides that no use of any land in the zone, buildings or other structure than that of a one-family residence shall be constructed without a permit from the Nevada County Planning Commission. Neither can use be made of land in the area unless permission is granted by the planning-commission or county sanitarian.

Lot Size Limited

Minimum size of lots in the zoning area shall be as follows:

Where both a public water supply and a public sewer system are available, 5000 square feet.

Where a public water supply is available but no sewer connection, 10,000 square feet.

Where neither a public water supply nor a public sewer system is available, 20,000 square feet.

A lot smaller than the above minimums may be allowed if the reduction in size has been approved by the Nevada County Sanitarian.

Except in public camp grounds under the control of the U. S. Forest Service, or other governmental body, or in labor camps licensed by the state, no tent or other temporary structure shall be erected, moved, converted, used, or occupied on any property within the interim zoning district for living quarters without a permit from the planning commission.

Except on railroad rights of way, no box car, passenger coach or other railroad car, bus of street car body, shall be moved, converted, or used for living quarters on any property in the interim zoning district without a permit.

Except in trailer courts or in labor camps licensed by the state, no trailer coach shall be used on any property in the interim zoning district for living quarters without a permit.

No tent, box car, passenger coach or other railroad car, bus or street car body, trailer coach, shack, or temporary structure of any kind, shall be erected, moved, converted, used or occupied on any property in the interim zoning district for commercial purposes without a permit.

Lake Level Monday Was Reported At 6225 Feet

TAHOE CITY—The level of Lake Tahoe Monday stood at 6225 feet with only one gate open. There were 12 inches of snow on the ground Monday but it was diminishing as rain continued to fall. Six and a half inches of snow fell at Tahoe City Monday and the precipitation for that day was 2.40 inches. Temperatures ranged from 31 to 40.

Local Woman Fights Fire In Valley Home

Mrs. Oscar Schumacher was delayed until late last week in her return from Paradise, due to a fire which occurred the latter part of November in her house there.

The blaze apparently started from an over heated stove and near by objects took the flame to the ceiling of the dwelling. Mrs. Schumacher was alone at the time but threw buckets of water on the flaming materials and when it had died down, called the fire department. Minor burns were suffered by the local woman. Necessary repairs and re-decorating were completed just prior to her return to Truckee.

Brother Dies

Last rites were held in Roseville today for Ernest Noble Dumas, 63, brother of L. S. Dumas former Truckee resident, now employed at Sparks. The deceased, like his former local brother, was employed for many years as an engineer for the Southern Pacific.

State Group Will See Olympic Plan At Meet January 4

A meeting of the California Olympic Commission will be held in Sacramento Wednesday, January 4th at which time various plans which have been designed for the 1960 Winter Olympic Games at Squaw Valley will be studied and approved or rejected.

The meeting will be open and those having interest in the Olympic contests will have representatives at the session to explain their stand. Among others expected to attend are Wayne Poulsen, one of the principal land owners at Squaw Valley and Alexander Cushing who represents the Squaw Valley Development Company.

The main topic of the session is expected to be a review of the survey being conducted by Skidmore, Owings and Merrill to determine the best location for facilities where they will provide for the largest attendance and provide a last benefit for the area as a whole.

Committee Chairman Charles Blyth of San Francisco will preside at the meeting. It was not immediately determined whether or not Avery Brundage, International Olympic Committee chairman, now on business in the west, will be able to attend.

In the meantime, a press dispatch from Cortina, Italy, indicates that an Italian technical crew may come to Squaw Valley to help set up facilities.

At an informal meeting in the offices of Skidmore, Owings and Merrill last week, Poulsen presented a plan for integrating all private land in Squaw Valley which may also be studied by the commission and organizing committee members at the January 4th meeting.

Two Girls Born Two Minutes Apart

Two babies arrived at the Tahoe Forest Hospital Saturday within two minutes of each other.

Michelle Ann Smith, daughter of Mr. and Mrs. Charles E. Smith of Truckee was born at 12:13 a.m. and weighed 7 pounds, 11 ounces. Dr. Ben King was the attending physician.

Two minutes later at 12:15 a.m., little Pamela Louise Brown, daughter of Mr. and Mrs. Michael Brown of Kings Beach arrived and tipped the scale at six pounds, five and three-quarter ounces. Dr. L. D. Nelson was in attendance.

Hospital attaches say this was the first time in the institution's history that births have been recorded so close to one another and that it provided a good test for maternity facilities.

Hospital Presented With Decorations By Girls

Mrs. Paul Horvath, scout leader of the Tahoe City Girl Scouts, presented the Tahoe Forest hospital with tray decorations made by the Girl Scouts, for decorating patient trays for the holiday season.

The decorations were very colorful and cleverly designed, and should do much to enhance the appearance of the Christmas trays at the hospital.

Gifts Exchanged During Meeting Of Card Club

Mrs. Lorrin Ferdinand was hostess to members of her card club on Tuesday evening.

Gifts were exchanged and the Yuletide idea was used throughout the pre holiday party.

VISITS MOTHER—

Mr. and Mrs. William Frey have returned from Wisconsin where he completed his army service and have been visiting his mother Mrs. Lawrence Frey.

Churches Ready For Celebration Of Christmas Here

Special Music, Masses To Be Held In District Churches

Special Christmas in the churches of the community are being planned and the public is being extended a cordial invitation by the pastors to attend and enjoy the celebration.

The Community Methodist Church will have Christmas eve services starting at 10:30 p.m. Saturday night and ending an hour later. The church choir, under the direction of Victor McLane, will render carols and inspirational talks will be given by the pastor, Rev. Wesley Osman.

Family Center Service will be held Christmas morning at 11 o'clock and special music and a sermon will feature the occasion. The Sunday school party was held last Sunday evening, was largely attended and enjoyed.

Father P. J. O'Neill of the local Catholic parish, announced the Truckee choir will render the mass St. La Salle Christmas morning. The choir director is Mrs. Rose Cardinal and the organist Miss Eleanor Dominguez. The choir will also render appropriate hymns prior to the mid-night mass.

Tahoe City
Corpus Christi Church will render a special high mass with Mrs. Peter Vanni as organist and Christmas hymns will be sung before the high mass and also Christmas morning.

Kings Beach
The Kings Beach choir under the direction of the organist, Mrs. Enola DeGregorio will present appropriate music at 11:30 a.m. Christmas Day at the Our Lady of the Lake Church.

Christian Science
The regular Christmas Day service will be held by the Truckee Group of Christian Scientists at 11 a.m. Christmas.

OSBURN ASKS AID AT CAPITAL MEET

Charles Osburn, vice president of the Truckee Outdoor Sportsmen, today reminded local anglers of the importance of the meeting of the state fish and game commission at the State Department of Education Building in Sacramento at 9 a.m. Friday, January 6.

Osburn said it is important that a delegation from this area attend since matters pertaining to new rules and regulations will be decided. One issue which the local official believes of importance is urging the opening of Donner Lake earlier than May 15th.

Osburn said he plans to attend the meeting and asked that anyone interested in accompanying him to contact him in the near future so that detailed plans for local presentation can be worked out.

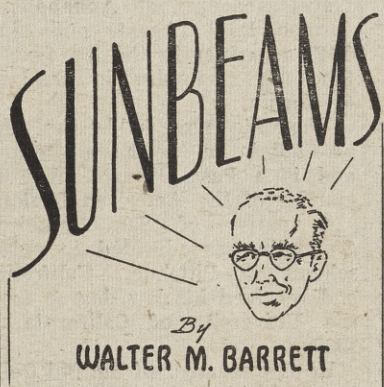

Lewis Are Hosts At Holiday House Party

Local and out of town friends of Mr. and Mrs. Jerry Lewis were entertained in their Donner Lake home on Sunday afternoon at a holiday party.

The Christmas motif was carried out in the rooms and table appointments, the setting being made doubly attractive by the heavy snow fall outside.

Nick Sassarini, Betty Hill Married At Reno

Mr. and Mrs. Nick Sassarini have returned to Truckee to establish their home following their wedding at Reno Saturday afternoon. Mrs. Sassarini is the former Miss Betty Hill of Lake Tahoe and both are well known throughout the area, where they are receiving the best wishes of their many friends.

The board of supervisors last week passed the vital urgency ordinance—long delayed but finally given official approval—which will pave the way for prohibiting the erection of undesirable structures in this vicinity.

The ordinance is needed badly and it has the "teeth" in it to provide penalties, but the important feature of the progressive step is adequate enforcement. We can have all the laws you can think up, but if they are not enforced they may as well be forgotten before they are written. With passage of this vital ordinance, we sincerely urge that steps be taken at once to see to it that the intent of the document is enforced to the letter. Only in that way can we avoid the cluttering up of our community with sheds and shacks which will for years to come stand as monuments to our apathy.

Deputy Problem Will Be Revived

Although the board of supervisors at their meeting last Thursday took no action on a continuing request that a second deputy sheriff be named for the eastern end of Nevada county, Supervisor H. G. Loehr said the matter will be brought up again at the January 3rd session of the board.

While some members of the board are adamant regarding the request, others have expressed themselves as concerned with the necessity of providing adequate law enforcement in this fast growing part of the county and have indicated they will give the question full consideration when the matter is presented.

By unanimous approval of the board, an urgency ordinance providing for local building regulations last week, the board recognized the fact that this end of the county needs protection, and while they may be reluctant to provide funds for the employment of a deputy at this time, the necessity will continue to grow until action must be taken, it was pointed out by Supervisor Loehr.

Squaw Valley Man Is Hurt By Fan Accident

Yasi Teramoto, a prominent skier of the region was injured at Squaw Valley Monday when he caught his right hand in a fan and the member was severely injured. He was rushed to the Tahoe Forest Hospital where Dr. L. D. Nelson and hospital attaches spent several hours repairing the tendons and broken flesh. At latest reports, the victim was doing well, and is expected to retain full use of his hand.

C. Y. O. Carolers Sing For Homes In District

Carolers from the Catholic Youth Organization Tuesday night brightened many homes in the district with their lovely voices as they went from home to home. The group, under the direction of Father Ronan Brennan, earned the thanks of the residents.

GO SOUTH—

Mr. and Mrs. Stanley Zwarg left yesterday for Fontana where they will spend the holidays with her mother, Mrs. Mamie Horn and Mr. and Mrs. Clifford Marks. Marks, a former resident has recently been named as manager of a service station in the southern city.

Accused Norden Robber Held At Preliminary Here

Witnesses Identify Suspect As One Of Three Involved

Clarence Smith, 30, one of a trio charged with armed robbery and assault as a result of a shooting affair at Norden Store late last September, was held to answer to the superior court when he appeared before Judge F. W. Wilson in the Truckee Judicial District Court Tuesday.

Bail was set at \$5000 and the defendant was remanded to the custody of Sheriff Wayne Brown who brought Smith to Truckee from the Nevada County jail where he has been held since his arrest in Sacramento.

Smith was accused with two others with entering the store, forcing Mrs. Lena Fredericks into a rear room where they found the latter's father, John Utermark. They tied Utermark's wrists with a table cloth and while their attention was diverted Mrs. Fredericks slipped out a rear door. The intruders fired at her and followed her into the darkness. Utermark ran from the front door to summon help.

In the confusion, the three got away but three men were later arrested and charged with the crime, Smith among them.

Tuesday Mr. and Mrs. Fredericks and Utermark testified at the preliminary hearing that Smith was one of the trio. He is being defended by Harold Berliner of Nevada City. District Attorney Vernon Stoll was here to conduct the prosecution.

FERMAN CORRELL, RELEASED AFTER LONG JAIL TERM

Ferman Correll, 51, has been released from the Nevada County Jail after serving one of the longest jail terms in Nevada County history.

Correll was arrested in Truckee where he was employed as a culinary worker on November 28, 1953, on charges of aiding and abetting the escape of a prisoner, a felon.

He specifically was charged with attempting to smuggle hacksaw blades to Jack Santo and Emmett Perkins on trial at the time for the murder of Edmund Hanson, Nevada county mine promoter.

Correll was sentenced to a seven year probation term with the first three years to be served in the county jail.

He was released on the order of Superior Judge James Snell Monday afternoon.

There is no record of recent years indicating a prisoner in Nevada County has served more than one year in jail.

Birthdates Observed By Many Local Residents

Birthdates celebrated the earlier part of this month included those of Hal Gilson followed by Erving Waters on the 9th.

John McGlade, son of Mr. and Mrs. Jack McGlade enjoyed his natal date on the 14th.

Joe Straub, Jr. was the incentive for a party on the 19th given by his parents, Mr. and Mrs. Joe Straub.

Today is the birthday anniversary of Larry, son of Mr. and Mrs. Harry Digesti, the occasion is being celebrated with gifts and a party for the young boy.

COME NORTH—

Mr. and Mrs. Freeman Campbell, Mr. and Mrs. John Brown, Miss Irene Englehart are here from southern California for the holidays. A family gathering was planned to honor Mrs. William Englehart, Sr. on her birth date last week.

Community Party Successful As 250 Attend Free Show

The "Big Story" in Truckee this week, at least for 250 small children, was the visit from Santa Claus who made his appearance at the community party sponsored jointly by the Sacramento Bee, the Donner Theater, the Truckee Chamber of Commerce and various other organizations in the community and held at the theater yesterday afternoon.

Following an hour and a half of appropriate films, Rev. Wesley Osman, pastor of the Community Methodist Church and chairman of the chamber's committee on arrangements, led community singing and the Girl Scouts, under the direction of Mrs. Gladys Pedley presented a beautiful Nativity scene.

Music for the singing was provided by a trio of brass featuring Victor McLane, Merrill Englehart and John Seaman.

The gifts were passed out by Santa Claus to every child attending and four crates of oranges and four boxes of apples donated by Mr. and Mrs. Wayne Philippi of Tonini's Grocery added much to the enjoyable affair.

The part of Santa Claus was so well done that one small youngster was prompted to declare: "That's really Santa Claus. He has real skin and no mask."

The hard work and preparation that went into making the affair a success was amply repaid if the expressions on the faces of the children and the remarks made are considered. Thanks was expressed to Mr. and Mrs. Jack Neugebauer for the use of their theater and to all others who gave assistance.

Girl Scouts of Troop No. 2 taking part in the Nativity scene were Terry Ellis, Donna Barnes, Joan Brown, Varian Frey, and Mary Ann Miller.

WINTER ARRIVES WITH RAIN COAT

Winter—a real wet one so far as Truckee is concerned—came into its own at 7:12 a.m. today.

Yesterday was the shortest day of the year, the sun rose at 7:21 a.m. and set last night at 4:54 p.m.

The change from fall to winter doesn't mean too much except that from now on the days will get longer, a minute of two a day until summer arrives.

Two Treated For Hurts As Truck Hits Auto

Mr. and Mrs. Jeffrey Schmidt of Tahoe City were treated for minor injuries at the Tahoe Forest Hospital Tuesday after a car in which they were riding, driven by Hans Stuten, 22, Tahoe City, and a produce truck operated by Robert Kim, 31 Sacramento, collided north of Deer Park Lodge.

Both vehicles were badly damaged and the Stuten car overturned. Kim was cited for being on the wrong side of the road and making an illegal pass.

Poor Hunting

Five weary hunters returned home from a Sunday trip to the Alturas area bearing only six ducks and two geese to show for their outing. The quintet included Charles Fink, Al Cavello, Erv Waters and Gary Peschel of Truckee and James Stewart of Tahoe City.

At Water Meet

C. Edmunds, member of the California Water Compact Commission, this week attended a meeting of that organization held at Sacramento.

NAVY MAN HOME—

David Cook who has completed his U. S. Navy training course at San Diego is expected to spend the holidays at the home of his parents, Mr. and Mrs. A. B. Cook.

Roads Closed As Severe Storms In Area Near Record

Extensive Damage Follows Arrival Of Winter's First Storm

The storm which brought more than six inches of rain to Truckee up until yesterday increased in intensity late yesterday and while no official measurement was immediately available, it was conservatively estimated that at least three more inches fell up until noon today, bringing the total to well over nine inches for the storm. That is eight inches over normal for December.

Highway 40 was closed at Cisco, where three feet of water covers the road, and at Farad, east of here, where a gushing flood is keeping the pavement covered with debris, mud and huge rocks. Alternate 40 (the Feather River Route) is closed and will remain closed until after the first of the year. Only one lane was open on Highway 50. Highway 89 at Emerald Bay is closed for the winter. The S. P. was operating normally.

The Truckee river, swollen to within inches of where it was during the flood of 1950, is threatening to wash out bridges, homes, and other installation along its banks. Donner creek is completely out of its banks and the water is up to the floor of the bridge on Route 89.

Forecasts call for increasing rain with snow only above 10,000 feet.

Rather extensive damage, principally to utility installations, resulted from the general major storm which has featured the weather picture in this region, as well as all of northern California, during the past four days.

Effects of the storm were minor in Truckee itself, but the surrounding areas were inconvenienced by the complete lack of power, lights and telephones for some time as the wet snow toppled poles in a widely scattered area.

The phones went out between Truckee and Tahoe Monday around 3 a.m. A total of 21 poles in one section fell under the pressure of rain soaked snow which collected on the wires. Calls to Sacramento were delayed six and eight hours.

Power lines in that area, too, were out of commission from about 2 a.m. Monday and remained off for several hours.

Approximately 300 feet of flume feeding the Farad Power House crumpled under a slide in that area and the highway between here and Reno as well as on Donner Summit presented a problem. Flood waters on the summit threatened to close Highway 40 near Big Bend and rocks rolled onto the road in the Truckee river canyon. One huge boulder, weighing several tons had to be drilled and blasted to remove it from one lane of the highway near Floriston.

The Mt. Rose road was closed and tire chains were required over the principal highways west of Reno.

The Western Pacific routed its trains through Truckee after slides and washouts disabled the route through the Feather River Canyon. One train was derailed near Blairdsen. Local Southern Pacific traffic was maintained well on schedule.

Locally, a number of television aerials were downed, but no inconvenience was experienced except for a 15-minute period Monday when the power failed briefly.

Between three and four feet of new wet snow fell on Donner Summit, assuring a perfect base for the approaching winter sports season.

The storm here started with heavy snow Sunday afternoon, but that evening the snow turned to rain and rain has continued to fall since that time, heavy and mixed with snow at times but for the most part warm and gentle with only light winds.

Official Figures
The U. S. Forest Service here reports that the precipitation for the past week totaled 6.12 inches. This indicates that had the precipitation been in the form of snow instead of rain Truckee would be buried under between five and six feet of snow.

Precipitation for December now totals 8.70 inches or 4.42 inches over the normal figure of 4.48 inches for the month.

Low temperature for the week was 20 degrees on Sunday and the high was 55 degrees last Thursday. There are five scant inches of snow on the ground at the forest service office.

Mr. and Mrs. William Stevenson expect to spend Christmas with relatives in Sacramento.

Oakland Attorney Will Head Northern State March Of Dimes

The appointment of Malcolm Champlin, Oakland Attorney, as Northern California Chairman for the 1956 March of Dimes Polio Campaign was announced today by March of Dimes Headquarters. Governor Goodwin J. Knight is Chairman of the Anti-Polio Campaign statewide. Champlin, holder of the Navy Cross, the Army Silver Star, and credited in 1942 with saving the life of Gen. Jonathan "Skinny" Wainwright, will head the National Foundation for Infantile Paralysis Campaign in 45 northern counties. His campaign area includes the territory from the Oregon Border south through Kern County.

Champlin is a graduate of the Naval Academy at Annapolis, a former F.B.I. Agent, and since 1947 a partner in the law firm of Stark & Champlin in Oakland, California.

Champlin now holds the rank of Captain in the Naval Reserve and is a Past Department Commander of the American Legion.

A native of San Francisco, Champlin was educated in public schools in Pittsburg, California, and received his law degree from the University of California in 1939.

He is a member of the Phi Delta Legal Society, the Scottish Rite, the Shrine, Commonwealth of San Francisco, the Naval Academy Alumni Association and the Athenian-Nile Club of Oakland.

"I am very pleased that Malcolm Champlin is able to serve as the Northern California March of Dimes Campaign Chairman and I am happy to be associated with him in this endeavor," Governor Knight said. "Mr. Champlin is well known throughout the state for his militant leadership in the American Legion and in many other fields of civic service. We welcome him to this great humanitarian crusade against the crippling disease, infantile paralysis."

Polio Reported Reduced As Result of Vaccination

SACRAMENTO (CNS)—Dr. Malcolm H. Merrill, state director of public health, today reported that vaccination of children against polio has reduced the number of cases of the dreadful disease in California by one half.

Merrill said preliminary observations revealed that only half as much paralytic polio was found among 414,000 children in the 5-9 age group who received one or more injections than was found among non-vaccinated youngsters. The health director said the number of cases reported through-

ALL-OUT DRIVE ON DRUNK DRIVERS DURING HOLIDAYS

An all out enforcement effort against drunk driving during the Christmas and New Year holiday periods was announced today by the California Highway Patrol and the State Department of Alcoholic Beverage Control.

A joint statement by Patrol Commissioner Bernard R. Caldwell and ABC Director Russell S. Munro indicated both departments will place strong emphasis on the elimination of drunk driving during the coming holiday season.

"Our combined efforts should curtail the incidence of drunk driving and help the traffic accident toll down," declared Munro. "Each department will be directing much of their activities toward the control of the drinking and driving situation."

Caldwell reported that 70 persons were killed in traffic accidents on California's streets and highways over the 1954 Christmas and New Year holidays.

"Although we are going to take positive enforcement action in an effort to successfully control our drunk driving problem, we need the help of every citizen," Commissioner Caldwell emphasized. "Only through combined efforts can this serious holiday situation be controlled."

out the state through September of the current polio season totaled 1,219. This compared with 3,207 reported for the same period from April 1 through September 30 of last year, and 2,235 the year before.

Up For Visit

Joby Lewis was up for a few days but left for Los Angeles where he had left Helen who was under the weather. I am told they had a wonderful trip, first to Jacksonville, Florida; Cleveland, Ohio, and to Detroit where they visited

Joby's folks. He tells me that Ed, die, his brother, and wife are the proud parents of a sweet little girl and the name is Debbie. Joby and Helen will return to his Monte Carlo Club after Christmas and will remain all winter.

Furlough

Mrs. J. W. Van Hooser tells me they heard from young Hugh who is in the navy and is certainly seeing the world. He has been on the Hornet, a very well known boat, and has arrived at San Diego and it is expected he will be getting quite a furlough, so we shall be getting quite a story of his activities.

Church

A very delightful pre-Christmas sermon was preached by Rev. A. B. Covher last Sunday at the Com-

munity Church in Kings Beach, and you are reminded of the Christmas party to be held at the Church on Friday evening at 7:30. All children are welcome and, don't forget Santa will be there. By the way, Mrs. Covher has quite a seige of not being able to talk very well. She just about lost her voice but is now on the road to be heard again.

Off to the Tall Corn

Wally and Mrs. Skaggs of the Silver Tip Lodge, Kings Beach, left here for Davenport, Iowa, for a few weeks. We are going to miss them both, but they will be back before we know it.

Two Great Nights

The party of the Lions held at the Tahoe Biltmore at Crystal Bay last Saturday night was a huge success. There was dancing in the casino and the Twirlers occupied some of their up-to-date numbers from 9 P.M. till the wee small hours. The young lads took up most of their time playing pool, or trying to. Motion pictures were shown to the real young folk. The purpose was to get the Tahoe Community Skating Club, which is a Lake Tahoe Lions Club project, going for the enjoyment of the youngsters and oldsters of the community. And then again on Tuesday night

ladies night was held at the Biltmore, thanks to the hosting of Bob Vernon, manager. I am told that establishment has all of its rooms and bungalows filled through to March '56.

New Enterprises

What a surprise to go into Jerry Gordon's store and see our friend Fred Schultz who has been retained as assistant in the North Shore Hardware. He welcomed me in great style with a happy handshake and smile, and I am also happy to hear Tom Lucas who was with Jerry, is to take over the Chevron station at Brockway at the beginning of the year. All we can say is success to Jerry, Fred and Tom, may the New Year be most prosperous.

New Comers

I am happy to hear Abe and Min Ruben of Oakland are building a swell home at Brockway. Fred Miller is the builder. Ruben is of the Globe Metal Co. of Oakland. We certainly welcome the wonderful people. They are friends of the Jerry Gordons.

New Officers

The El-Ta-Ho Shrine club officers for 1956 were installed in a delightful setting at the El Cortez Hotel, Reno. Jerry Gordon was selected as president, Bob Stevenson, V.P.; Ray Plunkett, treasurer;

Television Has Marked Effect On Phone Calls

You might not think that Jackie Gleason's humor or Perry Como's ballads would have anything to do with a long distance phone call to Aunt Minnie in Oshkosh—but they sure enough do!

Pacific Telephone observers have learned that night business has a rise and fall like an ocean.

But instead of the moon it's the TV bill-of-fare that pulls the telephone "tides."

A fast, hard-slugging boxing match is only one of a number of sporting events that can bring about a dip in traffic—followed by a crest of deferred calls when the battle ends.

Being familiar with the nightly pattern over a long period of time, long distance operators are quickly aware of outside "competition", such as a presidential speech on television or radio—one of the things which always causes measurable lag in phone traffic.

Any graf of long distance phone calls on Monday through Friday evenings would show increased calling at half hour intervals as calls begin coming through from TV viewers who have waited for their favorite program to end or who are taking advantage of the break between programs.

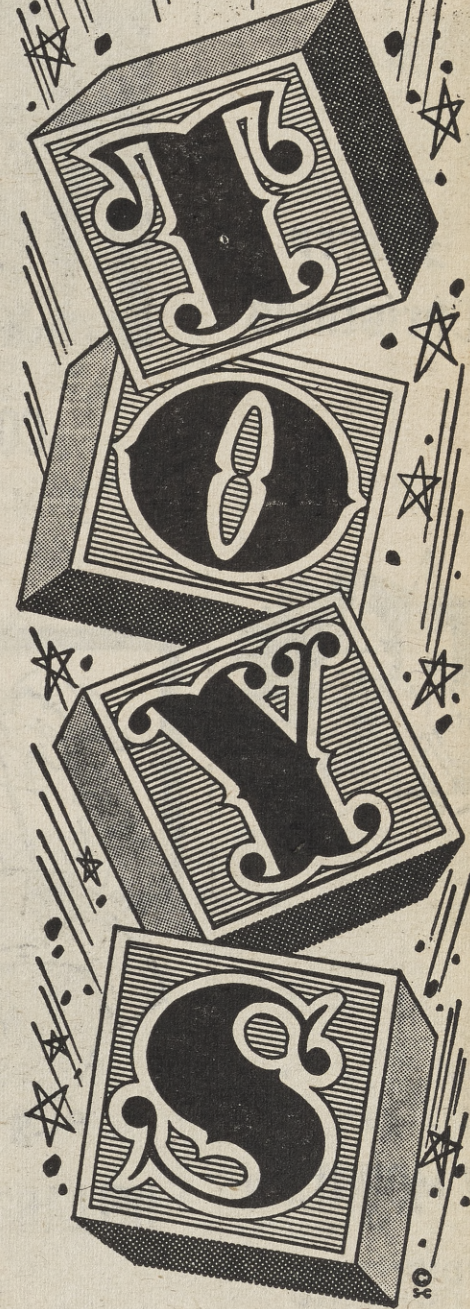

The business world creates its traffic peaks during the day, too. They are between 9 and 11 in the morning and from 2 to 4 each afternoon.

Tom Lucas, Secretary, with Jack Steele and Lloyd Bowen as directors. The festivities started with a cocktail and dinner dance. It was significant to note that three local men were elected to the important offices. We wish them a most successful year.

May the Good Lord Bless and keep you All.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Violent Storm
The most violent storm of the winter so far struck this region late Sunday afternoon. Out of the south-west a strong wind brought a wet snow-blizzard which grew heavier through the evening and into the night, stacking up more than a foot of snow before midnight. The telephone and power lines could be seen sagging under the heavy wet snow long before that time, and at about 2 a.m. the

power went off completely. From that time on till daylight all the electrically operated appliances in this community were dead. Refrigerator motors were damaged, furnaces quit and homes grew icy cold, and the machinery of Tahoe City's disposal plant was at a standstill for several hours, which caused quite an emergency in the Public Utility District.

Phones Out
Around three o'clock in the morning of Monday the telephone lines went out, and there were no circuits open from Tahoe to the outside as late as mid-afternoon. Temperatures climbed, but the barometer remained low late in the day, and the wet snow turned into a downpour of rain.

Precipitation
Weather Observer Art Frodenberg reported precipitation measurements from the beginning of the week's storm as follows: Thursday—.06 inch, Friday—.26, Saturday—.2, and Sunday—.24 inches. At this writing the storm continued, growing heavier.

Thanks
Mrs. Charles Nielsen, Sunday School secretary here, wishes to thank the community for making such a beautiful turn-out on Sunday for the Sunday school's annual Christmas play. The weather was extremely disagreeable, but the neighborhood responded bravely and the attendance numbered 63. The program was run off without a hitch, with the tiny tots trim-

ming the tree, while the older children recited appropriate numbers and sang Christmas carols, and the play was enacted. The Sunday School heads announce that next Sunday—Christmas Day—there will be regular Sunday services and a Christmas tree ceremony. Gifts from the teachers will be presented to the children, and there will be singing of carols by the older members and the community. Once more everyone is cordially invited to attend.

Christmas Party
The annual community Christmas Tree Party, scheduled early this season for the convenience of families who go out for the mid-winter holidays, was held as planned, Friday evening under Tahoe City's 110 foot-living Christmas tree, in the heart of town. The tree was a blaze of colored lights, and the loud-speaker was playing Christmas carols at 7 p.m. when the crowd began to gather. A heavy wet snow was falling, making quite a dripping trip down the main street for Santa and his one-horse sleigh. Santa Claus was guided on his annual mission here this year by Bob Tonini, and seemed to have broadened and grown taller since last Christmas. But to the children he looked quite wonderful in his red, fur-trimmed suit and silvery beard. Basil Kehoe announced the names for presentation of gifts, and 219 children's names were called, but there were fourteen packages that had to be kept over for children who were not on hand to take them. Bud Jones, old-time horseman of Squaw Valley, furnished a horse and sleigh for the occasion as usual, as Santa's reindeer are still not used to hauling loads where there is so little snow to travel on. A crowd of about 500 filled the double highway for some distance around the foot of the tree, and Patrolman Tom Sheehan was on hand to look after the congested traffic.

The school choir, composed of sixth and seventh grade students, were led by Ruth Roberson, principal, in the singing of several Christmas carols, which added to the tree program. The entire program and party was sponsored by the Tahoe City Rotary Club, who were financially aided by other local organizations, business heads and citizens of this region.

Hot Coffee
Mr. and Mrs. Bill Conger, whose cafe just across the highway from the Big Pine has been closed for some time for the winter season, opened their place following the Christmas party, and held open house through the evening, serving hot coffee and doughnuts free to the crowd.

Open House
On Saturday evening, between 5 and 7 p.m., a buffet open house was held at the Tahoe Inn, which had just re-opened for its late winter season three days earlier, Carl Bechdolt Sr. and son Bill were hosts on this occasion, and passed out the Tom-and-Jerry treats generously to about 300 guests.

Visit Valley
During the past week several Tahoe City residents visited the new Heavenly Valley ski sports area, which held its official winter opening at the South End on last Thursday. They said there was plenty of snow on the slopes to make good skiing.

SUMMARY OF THE PROCEEDINGS OF THE BOARD OF SUPERVISORS

Thursday, December 15, 1955
The meeting of the Board convened at 10:00 o'clock A.M. pursuant to adjournment on December 1, 1955. Chairman John L. Frank presided and all members were noted present.

The minutes of the meeting of December 1st were ordered adopted as read by the Clerk.

The Board modified its order of December 1 admitting a pay patient

at the County Hospital and ordered that he be charged in accordance with the rate of pay adopted May 16, 1951.

The Inter-County Title Company was authorized to place photostatic equipment in the County Recorder's Office.

Discussion was had with E. V. O'Rourke regarding crossing guards in the vicinity of Truckee Schools. It was decided that before a definite decision is arrived at, further time to consider the matter is needed. It was pointed out by the Chairman that all of the Collier-Burns money has been allocated in the current budget and that any changes at this late date would upset appropriations for road purposes in the Truckee area. Mr. O'Rourke urged consideration in the 1956-57 budget if it was found that nothing can be done until that time.

The Board ordered that the civil defense truck be taken to the county garage for servicing. The Board also adopted the operational plan as drawn up by the Director of Civil Defense.

Four erroneous tax assessments were ordered cancelled after the written consent of the District Attorney was granted.

Necessary fund transfers were unanimously made for the retirement of the \$175,000 tax anticipation note on the December 19th due date.

The Board unanimously adopted an interim zoning ordinance for the Truckee area after Mr. Loehr assured the members that said ordinance was examined and approved by the people of his district.

It was unanimously decided to add the name of the County Auditor as signing authority on the bank accounts of the trust funds of the Judicial District Courts.

The request of the Justice of the Peace to use a portion of the Justice Court Chambers in connection with his insurance business was referred to the District Attorney. Judge Wilson's request included his offer to pay a portion of the monthly rental of said quarters.

The Board ordered the N.I.D. to fabricate flanged valves and slip-on welding flanged sides in connection with the hospital pipeline project in their own shops billing the County for the cost thereof.

The Road Commissioner was granted permission to purchase a 1000 gallon water tank for the sum of \$350.00.

The written proposal of George A. Legg for settlement of the purchase price of rights of way in con-

nection with the Burnswick F.A.S. Road project was referred to the District Attorney for advice.

Supervisor Loehr announced that it is his intention to renew on January 3 the request for a second deputy sheriff for the Truckee area.

The Board received a letter from the Division of Housing wherein it was stated that said Division will assume jurisdiction of the administration of the Riley Act. The Clerk was directed to inform the Division by letter that this Board accepts the procedures outlined in the Division's letter of November 21.

Nothing further to come before the Board, adjournment is taken sine die at 3:30 o'clock P.M.

R. E. DEEBLE
County Clerk and Ex-Officio Clerk of the Board of Supervisors.

TOWN TOPICS
from Bank of America

MEMBER FEDERAL DEPOSIT INSURANCE CORPORATION

Truckee Branch

R. E. Saunders, Jr.,
Manager

Now that we're in the home stretch of what looks like the biggest and best holiday season of all, we would like to express our hope that this will be the Merriest Christmas ever for you and your family! And as a thought for next year, we'd like to suggest that one of the best resolutions you can make is to open a Bank of America savings account and keep it growing with regular deposits. It's a wonderful way to start the New Year and it will give you that care-free feeling of having money in the bank.

**FIRST
THINGS
FIRST!**

It's time now for thoughts of Christmas, of course. But perhaps you've found that extra expenses like real estate taxes, unexpected calls for the doctor and, of course, budget-pinchin' bills for gifts have left you temporarily "strapped" for money. If so, why not come in and see us about a Timeplan Personal Loan. Timeplan cost is low and you can repay in easy monthly installments. It's the business-like way to borrow—and you can pay off all your bills all at one time.

? BofA Quiz Corner ?

DID YOU KNOW THAT you can make a deposit to your Bank of America savings account on or before January 10th, and it will earn full 2% bank interest from January 1st? It's a good idea to start your account or make a deposit now.

Grand Juries Limited In Making Bids For New State Legislathion

SACRAMENTO —(CNS)— State Attorney Edmund G. Brown declared that California grand juries may not recommend legislation unless they have made proper investigations of the subjects on which recommendations are made.

Brown said he looked into the power of grand juries to adopt resolutions on welfare legislation when the juries have made no study of the subject.

The attorney general said a protest signed by 50,000 Southern Californians and presented through State Senator Richard Richards of Los Angeles complained of grand juries which would do away with some of the welfare benefits granted by the state legislature during the past 20 years.

According to Brown, the anti-welfare resolutions stemmed from

grand jury representatives from a Marin County meeting in which grand jury representatives from throughout the state adopted identical recommendations and then issued them from their respective counties.

Brown cited a section of the penal code in part: "If there has not been a proper investigation, the adoption of mimeographed resolutions is not within the authority of a grand jury. Grand juries should make reports only after careful and diligent investigation by the grand juries themselves."

Brown commented that abuses of state aid to the indigent and to needy children may exist in some counties, but that "many counties have highly efficient control of their aid disbursements."

The Santa Barbara State College, established in 1944, is the youngest of the University of California's eight campuses.

STRICTLY STRICKLAND

By Bill Strickland

School Program

This edition will require reporting on past events of the summer and fall. This snow, which is most welcome, also prevents us from getting out and talking to people and operators. One of our most pleasant interludes of recent date, however, occurred last Thursday evening. Mr. Carrico and Miss Itoni coached and presented their grammar school students through two very delightful Christmas plays at the Donner Trail Elementary School. Practically all parents, both husbands and wives, were present, as well as older and younger brothers and sisters of members of the casts. Santa arrived in full regalia to distribute candies, Yuletide stockings and presents. Light refreshments were served following Santa's departure.

New Cats

Jack Gross of the Sugar Bowl out on the Highway the other day as busy as a bird dog unloading two M-9 Snow Cats, getting them in running order and taking off like a shot up the back road.

Sno-Bird Readied

The boys from Ice Lakes bringing in the old, original SnoBird for minor repairs and then making the thing operate almost as efficiently as the new Sno-Cats in the area. For you who are not familiar with it, the Snow Bird is an old model T Ford. Skis were attached to the front axle and a track draped over the drive wheels. The cab is pretty much intact, but the back end has been covered over to resemble a home-made pick-up cover. It worked very efficiently several winters ago, was retired, and then put back into use again.

Reviews Past

How many of you who saw the Pete Smith Specialty a few weeks ago, entitled Sport Trix, recognized the bat wing skiers in the final portion? That scene was part of a picture called Snow-Birds filmed at the Sugar Bowl. Preceding the construction of the Sugar Bowl Lodge and Lift. Those taking part were practically all local people. Earl Edmunds, Wayne Poulson, Hannes Schroll, Bill Strickland, Doc and Red Rockholm, Dick Mitchell, Heine Cooper and Fred Islin. Do you realize that almost 20 years have gone under the bridge?—man, how time flies!

Rope Tow Ready

Norm Saylor of the Donner Ski Ranch breezing in to say that the rope tow was completed and ready to operate. They have really had tough luck on the new chair lift. The early snows that have benefited every one else in the area has really worked a hardship on them. The last time I passed by, however, it looked like their uphill, and I do mean uphill, battle was just about won. We certainly hope so. Tony Richter will be in charge of the lodge operation. In case you want a little more information on who Tony is—he has been affiliated with Karl Weber in the Whitecomb Hotel in San Francisco for several years, and prior to that was one of the main cogs in the Ram operation in San Valley. Welcome to our mountain top, Tony!

Will the person who took my galoshes by mistake, Dec. 18 from the Methodist Church please return for exchange? Telephone 454, William Carver, Masonic Building, Truckee, Calif. D22c

If you people on the mountain,

STATE TO EQUIP ALL NEW CARS WITH SAFTY BELT

SACRAMENTO —(CNS)— Governor Goodwin J. Knight has authorized the state department of finance to equip all new vehicles purchased by the state with safety belts, and to install them in late models already in service.

Knight said the belts will cost about \$7.50 for new cars and \$12 in presently owned vehicles. The governor pointed to successful use of the devices by the California highway patrol and the state compensation insurance fund.

Knight said "this action by the state will serve to focus attention on this phase of the highway traffic safety program and will encourage private citizens to follow the lead of the state in adding this tested safety feature to their own automobiles."

PERSONAL INJURY SUIT FILED AFTER SUMMIT ACCIDENT

NEVADA CITY—A personal injury suit for \$7,500 general damages including medical expense plus \$325 damage to a motorcycle, \$156 transportation to hospital and \$50 temporary lodging has been filed by Milton Hogle, guardian ad litem for Harold W. Bussabarger, 18, against an Oregon woman, Lucille Marie Hennessey, and three Does, in Nevada County Superior Court.

The complaint, filed by Berliner & Weatherall of Nevada City, charges that on June 21, 1955, at 11:30 a.m. the motorcycle on which Bussabarger was traveling east of U.S. Highway 40 at Soda Springs and a vehicle driven by the defendant who was westbound collided as a result of negligence on the part of Mrs. Hennessey.

CALIFORNIA LEADS IN HOME BUILDING

SACRAMENTO —(CNS)— California during the past 18 months has led the nation in homebuilding with a volume more than double that of second-place New York, State Real Estate Commissioner D. D. Watson reported today.

Watson said homebuilding in Los Angeles County alone was exceeded by only two states, California and New York.

The commissioner said permits for more than 84,000 dwelling units were issued in the southern half of California, including 14 counties, during the first half of this year.

Basil is used in the manufacture of chartreuse and other liquors.

30,000 Use Hospitals In State During Year

SACRAMENTO —(CNS)— The state department of public works reported on a survey of use of hospitals by some 30,000 Californians during the past year.

The department said accidents accounted for about 10% of the hospitalizations, with three-fourths of the accident patients being men. Heart and blood vessel ailments accounted for five per cent of the admissions, jumping to over 20% for patients over 65.

The department pointed out that hospital admission rates were 15% higher among patients having hospital insurance.

Admission rates were higher for people living outside the Los Angeles, bay area, and San Diego metropolitan areas.

ORDINANCE NO. 207

A TEMPORARY INTERIM ZONING ORDINANCE PROVIDING FOR THE CONTROL AND ORDERLY GROWTH AND DEVELOPMENT OF THE AREA HEREINAFTER DESCRIBED: ESTABLISHING INTERIM ZONING DISTRICT NO. 2; PROVIDING APPROPRIATE REGULATIONS TO USE OF LAND, BUILDINGS, CONSTRUCTION AND ALTERATION OF BUILDINGS, STRUCTURES AND IMPROVEMENTS, PENDING THE PERMANENT ADOPTION BY THE BOARD OF SUPERVISORS OF A ZONING PLAN; PROVIDING FOR THE NECESSARY INTERIM CONTROL PROGRAM IN ANTICIPATION OF THE RAPID DEVELOPMENT WHICH WILL BE BROUGHT ABOUT BY THE DECISION TO HOLD THE OLYMPIC WINTER SPORTS AT SQUAW VALLEY; AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

Section 1. The Board of Supervisors of the County of Nevada, State of California, having heretofore instructed the County Planning Commission of said county to prepare a zoning and districting plan for said county and to make tentative reports thereon, and said Board of Supervisors having thereafter adopted the "Nevada County Zoning Enabling Ordinance", embodying the basic structure of a zoning plan and applying certain detailed regulations to certain portions of the unincorporated territory of said county, said Board of Supervisors hereby declares it to be its intentions to proceed with the question of certain tentative and final reports by said County Planning Commission, when the same shall have been made, respectively on amendments to said Zoning Enabling Ordinance, in the manner prescribed by law, for the purpose of applying the detailed regulations of said Zoning Enabling Ordinance to other portions of the unincorporated territory of said county. Said Board of Supervisors hereby finds that, owing to the territorial extent of said County, the diversity of interests therein and the necessity for the making of careful studies and thorough analyses of facts in the preparation of the aforesaid amendments to the Zoning Enabling Ordinance of said County, considerable time will necessarily elapse before the adoption of said amendments covering various portions of the unincorporated territory of said county, and that certain regulations of an interim nature are necessary to be adopted at this time in order to assure the orderly and harmonious development of said County, to protect the character and stability of residential areas and of sound land uses in general and otherwise to protect the public interest, health, comfort and convenience and to preserve the public peace, safety and welfare pending the preparation and adoption of the aforesaid amendments. Said regulations are hereinafter in this ordinance set forth.

Section 2. Interim Zoning District No. 2 is hereby established, consisting of that certain territory situate in the County of Nevada, State of California, described as follows:

Using the center line of U. S. Highway 40 as a center line, a strip one-half mile wide on each side of said center line from the West line of Section 20, Township 18 North, Range 14 East, M.D.B. & M., to the East Line of Section 34, Township 18 North, Range 17 East, M.D.B. & M.

Section 3. No use of any land, building or other structure, which use is other than one family residential and/or agricultural in character or incidental thereto shall hereafter be established or conducted and no building or other structure which is designed and/or intended to be used for any other purpose other than a one family residential or agricultural in character or accessory and incidental thereto shall hereafter be erected, constructed, moved or converted, within the Interim Zoning District, hereinafter described, unless and until, in any such case, a permit for such establishing or establishing and conducting, or for such erection, construction, moving or conversion shall first have been secured from the Planning Commission.

Section 4. Lot area: Minimum size of lots in the above described Interim Zoning District shall be as follows:

Where both a public water supply and a public sewer system are available, 5000 square feet.

Where a public water supply is available but no sewer connection, 10,000 square feet.

Where neither a public water supply nor a public sewer system is available, 20,000 square feet.

A lot smaller than the above minimums may be allowed if the reduction in size has been approved by the Nevada County Sanitarian.

Section 5. (a) Except in public camp grounds under the control of U.S. Forest Service, or other governmental body, or in labor camps licensed by the state, no tent or other temporary structure shall be erected, moved, converted, used, or occupied on any property within the above described Inter-

im Zoning District for living quarters without a permit from the Planning Commission.

(b) Except on railroad rights of way, no box car, passenger coach or other railroad car, bus or street car body, shall be moved, converted, or used for living quarters on any property in the above described Interim Zoning District without a permit from the Planning Commission.

(c) Except in trailer courts, or in labor camps licensed by the state, no trailer coach shall be used on any property in the above described Interim Zoning District for living quarters without a permit from the Planning Commission.

(d) No tent, box car, passenger coach or other railroad car, bus or street car body, trailer coach, shack, or temporary structure of any kind, shall be erected, moved, converted, used or occupied on any property in the Interim Zoning District hereinafter described for commercial purposes without a permit from the Planning Commission.

Section 6. Application for a permit required by any of the preceding sections shall be made in the form of written application to the Planning Commission and shall be accompanied by a fee of \$10.00 and by such plans, drawings and such other information as the Planning Commission may request for the proper enforcement of this ordinance. Such permit shall be issued after the Planning Commission finds that the proposed building, structure or use for which the permit is sought will not constitute a nuisance as hereinafter defined or will not be detrimental to the health, safety, comfort, convenience or welfare of the persons residing or working within the said area and will not, under the circumstances of the particular case, be detrimental to the public welfare or injurious to the property or improvements in said area. No public hearing need be held on the application; provided that the Planning Commission may hold such hearings thereon as it may deem to be necessary.

In approving the granting of any permit under the provisions of this section the Planning Commission shall designate such conditions in connection therewith as will in its opinion, secure substantially the objectives of the regulations or provisions to which the permit applies, as to light, air, and the public health, safety, morals, convenience and general welfare. In all cases in which permits are granted under the provisions of this section the Planning Commission shall require such evidence and guarantee as it may deem necessary that the conditions designated in connection therewith are being and will be complied with.

Section 7. Any person, firm, or corporation, whether as principal, agent, employee, or otherwise, violating or causing the violation of any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than five hundred dollars (\$500.00) dollars or by imprisonment in the County Jail of said County for a term not exceeding six (6) months or by both such fine and imprisonment. Such person, firm, or corporation shall be deemed to be guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued, or permitted by such person, firm, or corporation, and shall be punishable as herein provided. Any building or structure set up, erected, constructed, altered, enlarged, converted, moved or maintained contrary to the provisions of this ordinance and/or any use of any land, building or premises established, conducted, operated or maintained contrary to the provisions of this ordinance shall be and the same in hereby declared to be unlawful and a public nuisance and the District Attorney of said County shall, upon order of the Board of Supervisors, commence action or proceedings for the abatement and removal and enjoyment thereof in the manner provided by law.

Section 8. Definitions. "NUISANCE." "Nuisance" includes: (a) Any public nuisance known at common law or in equity jurisprudence.

(b) Whatever is dangerous to human life or is detrimental to health.

(c) Overcrowding a room with occupants.

(d) Insufficient ventilation or illumination.

(e) Inadequate or unsanitary sewerage or plumbing facilities.

(f) Uncleanliness.

(g) Whatever renders air, food or drink unwholesome or detrimental to the health of human beings.

"Planning Commission." "Planning Commission" as referred to in this ordinance shall mean the Planning Commission of the County of Nevada.

"Trailer Coach", as used in this ordinance, means any camp car, trailer or other vehicle, with or without motive power, designed and constructed to travel on the public thoroughfares at the maximum allowable speed limit and in accordance with the provisions of the California Motor Vehicle Code, and designed or used for human habitation. "Trailer" also

means "trailer coach."

Section 9. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors of the County of Nevada, hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be held invalid.

Section 10. This ordinance is hereby declared to be an urgency measure and shall take effect and shall be in force immediately upon its adoption, and shall be published on or before the expiration of fifteen (15) days after its passage in the Sierra Sun and Truckee Republican, a newspaper of general circulation printed and published in said county. The conditions constituting such urgency in addition to the matters recited in Section 1 hereof to which reference is hereby made, are as follows:

That the decision to hold the Olympic Winter Sports at Squaw Valley will cause a rapid development of the territory hereinafter described and that unless the use of the land in said territory and the construction of buildings therein is regulated there will result a menace to the public health, safety and general welfare. Said Board of Supervisors hereby finds that various persons intend to so use and erect dwellings, and other structures and will do so unless prevented by the immediate adoption of this ordinance. The immediate adoption of this ordinance is therefore necessary in order to protect the public health, safety and general welfare.

ADOPTED AND PASSED by the Board of Supervisors of the County of Nevada, State of California, this 15th day of December, 1955, by the following vote:

AYES: Supervisors Clark, Frank, Coughlan, Robinson, Loehr.

NOES: Supervisors: None.

ABSENT: Supervisors: None.

JOHN L. FRANK,
Chairman of the Board of Supervisors of the County of Nevada.

ATTEST:
R. E. DEEBLE
County Clerk and Ex-Officio Clerk of the Board of Supervisors.

D22-1t

Tehama County bears the name of an Indian tribe which originally inhabited the area.

ROTARIAN TELL OF TRIPS DURING MEET

TAHOE CITY.—The Tahoe City Rotary Club's last dinner-meeting this season at Bacchi's Inn was held there on the evening of Tuesday, presided over by President Steve Korich, with 25 members present. The club entertained as guests on this occasion four Pacific Power Company employees who contributed their time and work to the preparation of the Christmas tree here for the community annual party. The guests were Pete Vanni, Don Jackson, Bob Stark and Bob Hughes, all of Tahoe City.

The main program for the evening was supplied by two of the local rotary members, Bill Connors and Warren Porter, Tahoe City business men. Connors described his trip on Sunday in company with his wife Mary Ann, and Mr. and Mrs. Carl Becholdt, Jr., to the bay region to attend the Biltmore-San Francisco Forty-niner's football game. He said this was the first winning made by the Forty-niners in the course of the last five games they have taken part in. Connors also recounted humorous incidents which occurred on a pheasant hunt which was enjoyed in conjunction with the trip, and in which Bill Becholdt and Martin Spitzer of this city took part.

Warren Porter described a combined business and pleasure trip he made recently which included New York, Chicago and parts of Florida. He was accompanied by Mrs. Porter, and his account of the trip as recounted at the meeting was very interesting.

More Than 3,000 Boys Participate In Safety With Guns Program

Since the inception of the Hunter Safety Training Program late in 1953, 30,864 boys and girls under 16 have received certificates of competence in handling firearms, the Department of Fish and Game said today.

Of that number more than 14,000 were trained in 1955.

Under a 1953 legislative act, all persons under 16 who have not previously been licensed to hunt must possess a certificate of competence before they can obtain a license.

Scores of organizations and more than 4,000 volunteer workers have cooperated with the Department in providing training classes. Among these organizations are the National Rifle Association of America, 4-H Clubs, Boy Scouts,

California Cadet Corps, dozens of school districts, farm organizations, high school ROTC units, California Optometric Association, Service Clubs, organized sportsmen's clubs, various rifle and pistol clubs, veterans organizations, and several business and industrial concerns.

Parents wanting information regarding hunter safety classes or other aspects of the program can write or call at their regional Fish and Game office, or contact their local game warden.

3,200 DOES KILLED IN MODOC-LASSEN HUNT

A total of 3,200 antlerless deer, or nearly half the seasonal quota, was taken in the first weekend of the Lassen and Modoc special antlerless deer hunts, the Department of Fish and Game reported.

For the Modoc hunt, which was

centered around the Devil's Garden area in the northwestern part of the country, the bag on opening weekend was 1,547.

Fish and Game field men reported the herd well scattered and transportation made difficult by weather conditions. Many cars were mired down on back country roads.

Hunters winning permits for the Lassen hunt took 1,653 deer, even though most of the animals were on the higher ground on the western side of the hunt area.

Ground in the Doyle and Long Valley area was free of snow and dry. Most deer were taken at the snow line in the mountains.

The two special hunts continue through December 18. A quota of 3,500 was set on the Modoc hunt, and 3,000 on the Lassen area.

The Navy Department took over Treasure Island in San Francisco Bay in December, 1941; it has been an important naval station ever since.

San Francisco has the largest Chinese settlement in America.

STATE FISH, GAME MEET SCHEDULED FOR JANUARY 6TH

Sportsmen and other interested persons will have time to present reasons for their recommendations on changes of angling regulations at the January 6 meeting of the fish and game commission in Sacramento.

The commission said this will be possible because of a change in the law which now provides for separate meetings for angling and hunting regulations.

Heretofore, the commission had time to receive only recommendations at the January meeting, and deferred discussion on them until the February meeting when final regulations were adopted.

In 1956 recommendations for angling regulations will be received, along with reasons for them, on January 6. Final angling regulations will be adopted February 24 at Los Angeles.

Between January 6 and February 24, the commission will announce its determinations. At the February meeting it will hear arguments in opposition to the determinations.

The same procedure will be followed for hunting regulations in April and May.

The law governing these regulatory powers meetings was changed by the 1955 session of the Legislature.

In previous January meetings the agenda was so crowded with both angling and hunting matters that there was insufficient time for proponents of recommendations to state their reasons for their views until the following month.

The January 6 meeting on angling regulations will be held in the State Department of Education Building, 721 Capitol Avenue, Sacramento, beginning at 9 a.m.

Sheepmen formed the California Wool Growers Association in 1880 to "foster and promote the enterprise of sheep breeding and wool growing".

Local Students Receive Awards For Posters In Conservation Drive

Four Nevada county school students were honored in the first annual West Coast fire prevention poster contest at the Western Forestry & Conservation Association conference in Portland last week. The grand prize was awarded to another California student, Dick Hanley of Eureka junior high school.

Winners from Nevada county were: Primary division—Melody Webster, Nevada city, 2nd prize; and Stephanie Snyder, Lake Forest, 3rd prize. Senior division—Karen Decker, Truckee, 3rd prize. Junior high division—Tim Molsberry, Truckee, honorable mention. These students were some of the winners in the recent Keep California Green fire prevention poster contest.

The 1956 Keep California Green poster contest will begin in March, it was announced. Information and rules may be obtained by contacting the Keep California Green association, 1903 Capitol Ave., Sacramento.

Truck Owners Urged TO Register Vehicles

Owners of trucks, buses, cabs, and other commercial vehicles may secure their 1956 license plates and their registration renewals now, Paul Mason, director of motor vehicles said today.

He urged them to apply for their 1956 registrations during the month of December, before the annual renewal of private passenger cars begins on January 3rd, 1956.

Statements of fees due for the coming year on over 1,000,000 commercial vehicles owned in the state were mailed on December 1st. They are due on or before February 4th, 1956. The statements for private passenger cars, numbering over 5,000,000 will be released in the mail on December 27th, the first business day after Christmas. These also must be paid by February 4th. Penalties take effect February 5th.

ABUNDANTLY
In 1956

Fosten W. Wilson

Truckee Calif.

Phone 101-J

The new YIELD RIGHT OF WAY sign is making its appearance in California cities and motorists should be familiar with it, says the California State Automobile Association. When approaching such a sign, the driver must (1) reduce speed to 15 miles per hour, and (2) stop when necessary, to yield the right of way to any vehicles approaching on the intersecting street near enough to constitute a hazard. Displaying the sign are Sondra Merritt (left) and Peggy Kremer.

NEW SIGNS MAKE APPEARANCE AS CHP STARTS DRIVE ON RIGHT OF WAY VIOLATION

A new triangular "YIELD RIGHT OF WAY" traffic sign is making its appearance at some intersections in California cities. The use of such signs in this state was authorized on September 7th, says the California State Automobile Association.

The "YIELD" sign is designed to expedite the safe movement of traffic through certain intersections where the volume of traffic does not warrant a STOP sign. Some cities have already installed them and many others are expected to follow suit shortly.

A motorist approaching an intersection where there is a YIELD sign is required to (1) reduce his speed to 15 miles per hour, and (2) when necessary, stop to yield the right of way to any vehicles approaching on the intersecting street that are so close as to constitute an immediate hazard.

The use of the new YIELD sign

in individual cities will be determined by the police departments, city traffic engineers and other local officials after they have conducted studies relative to the need for such a sign, and a local ordinance or resolution adopted.

The YIELD sign was first used in the United States in Tulsa, Oklahoma, in 1951. It is now used extensively in Dallas, Texas, New York City and in Canada. A similar sign which reads "Priority Road Ahead" has been used in Europe for many years.

In reply to the question as to how did the idea for the new YIELD sign originate, the CSAA states that at many intersections where STOP signs are in place, studies show that a complete stop may not always be essential for safety. However, the need for some type of control is apparent. The YIELD sign is intended to solve this problem.

Laura Horman Elected To Head Local Lodge

Laura Horman was elected noble grand of Naomi Rebekah Lodge No. 2 at the December 14th meeting, succeeding Leonore Vind who presided.

Other new officers taking their places are Bess Reid, vice grand; Lucille Bick, secretary; William Carver, treasurer; Dorothy Piche, financial secretary; Winifred Kamp, pianist.

Refreshments were served by the committee composed of the following members: Dorothy Kay, Mrs. Vind, and Dorothy Slack.

Members are asked to attend the post Christmas party to be held on December 28th when gifts will be exchanged and refreshments served.

Mesdames Horman, Vind, Slack, Pearl Heller on December 10th presented the Grass Valley lodge with the traveling gavel during their visit to the neighboring town.

PATROL WILL FIGHT HOLIDAY DRINKING

"Drunk driving in the Truckee area during the holiday season will receive full enforcement emphasis," declared California Highway Sergeant Ed Freeman.

"Last year one out of every three injury accidents involved one or more drivers who had been drinking," Sergeant Freeman continued. "This holiday traffic problem must be curtailed if we are to make any progress in our traffic accident prevention program."

The Patrol is joining with the State Department of Alcoholic Beverage Control in an all effort to stop the incidence of excessive drinking and driving," he said. "We are particularly concerned about the aftermath of Christmas and New Year parties where excessive drinking occurs."

County Will Share In School Appropriation

Nevada county will share in a special \$17,422,760 state school fund apportionment.

The funds will help pay for educational extras like driver training, instruction for mentally retarded and physically handicapped children and pupil transportation, the State Department of Education said yesterday.

GRANTS AT WEDDING—

Mr. and Mrs. Ed. Grant attended a wedding at Sacramento on Wednesday evening.

IN GRASS VALLEY—

Mr. and Mrs. Vern Shattuck will spend Christmas with relatives at Grass Valley.

OBSERVED BIRTH DATE—

Gilbert Kumble observed his birth date yesterday.

CHILDREN PATIENTS—

Heidi and Teddy Jr., children of Mr. and Mrs. Ted Hawkins are patients at Tahoe Forest Hospital, having near pneumonia, according to their father. They are expected to return to their home the latter part of the week.

SISTER HERE—

Mrs. Cleo Klein has as her holiday guest, her sister, Mrs. Sarah George of Redondo Beach.

Reunion

Mrs. Frank Titus is visiting at the Reno home of her son in law and daughter, Dr. and Mrs. A. A. Cozzallo. The family will have Christmas dinner at the new home of Mr. and Mrs. George Assuras. The latter is a granddaughter of Mrs. Titus.

Holiday Program Will Feature Summit Sports

SUGAR BOWL—The program for the capacity holiday crowds will be a traditional one beginning Friday night with a Christmas tree trimming party. The annual torchlight parade will be held on Mt. Disney on Christmas eve followed by a grand entrance of Sugar Bowl's inimitable Santa Claus. There will also be novelty races, slaloms, movies, bingo games, ping pong tournaments and dancing for all.

Among the guests here for the pre-Christmas week is Nobel prize-winner, Dr. F. Bloch, of Stanford University.

An addition to the Sugar Bowl this year is Emo Hanrich of Salzburg with his guitar, his yodeling and community sings. At the christening of the attractive, new and large bar, Emo gave his first performance, including dances in his native costume. Everyone is looking forward to many more such evenings.

Henrich is one of the new instructors in Bill Klein's ski school, which really has an international flavor this year. Willi Stickler of Munich, who missed last year but will be remembered by many from previous years: John Boes from Vancouver, Bob McKnight from the east coast; and on weekends, Bart Prom, former captain of the University of California ski team—really a topnotch staff.

Christmas Schedule

1955

Tarzan

by EDGAR RICE BURROUGHS

TARZAN STOOD BEFORE ABRAHAM, THE KING, BUT IT WAS OBVIOUS THAT HIS COLD-EYED ASSOCIATE WAS THE MAN TO BE RECKONED WITH.

"AS-AH-- SPOKESMAN FOR THIS LAND OF MIDIA, I WELCOME YOU," SNEERED ABRAHAM'S COMPANION. "ALTHOUGH YOU DO PRESENT A PROBLEM--"

ABRAHAM SIGHED. "PLEASE, MR. WALKER, WE SHOULD ONLY BE CONCERNED WITH THE HIPPOS THAT DESTROY OUR CROPS--"

"QUIET, FOOL!" SNAPPED WALKER. "BOTH THESE PROBLEMS CAN BE SOLVED AT THE TEMPLE-- WE WILL CONSULT YOUR SACRED IMAGE!"

TARZAN WAS IMMEDIATELY ESCORTED OUTSIDE, PAST THE SAD VILLAGERS AND UP A MOUNTAIN TRAIL.

THE GROUP ENTERED A MYSTERIOUS CAVE AND TARZAN STOPPED TO GAZE AT AN INCREDIBLE PIECE OF SCULPTURE-- A LIFELIKE STATUE OF A BEAUTIFUL WOMAN!

ABBIE and SLATS

by RAE BURN VAN BUREN

GO ON, UNCLE BATHLESS--TELL US HOW YOU MADE A WHITE CHRISTMAS FOR THE SON O' THE HOCKMIR O' CHINIK--RIGHT SMACK IN THE MIDDLE O' THE BURNING DESERT!

I'M COMIN' T THE MOST (CHUCKLE) EXCITIN' PART, KIDS!

"NOT MANY FOLKS AROUND HERE KNOW THAT I GOT A REAL TALENT FOR SNOW-MAKIN'!! YESSIR--ANY FAKE CAN MAKE RAIN, BUT MANUFACTURIN' SNOW'S A SPECIAL TALENT WE GROGGINES PASS ON FROM ONE GENERATION T' THE NEXT!!"

"KNOWIN' MY LIFE DEPENDED ON IT I MAKES A CAREFUL STUDY O' THE SKY. I KNOWS JUST WHAT T' DO...ALL I LACKS IS A MEANS O' GETTIN' T' THE CLOUDS!!"

"THAT NIGHT I BORROWS THE HOCKMIR'S FLYIN' CARPET."

"NEXT I PICKS OUT A FAT, JUICY CLOUD HEADIN' FOR THE PALACE AND PLANTS SNOW SEEDS IN IT...THE FEATHERY KIND."

"RIGHT ON SCHEDULE THE SNOW BEGINS FALLING. YOU SHOULD O' SEEN THE LOOK ON THAT LI'L PRINCES FACE! HE AIN'T NEVER SEEN SNOW BEFORE, YESSIR, BOYS... I GIVE HIM HIS FIRST WHITE CHRISTMAS!!"

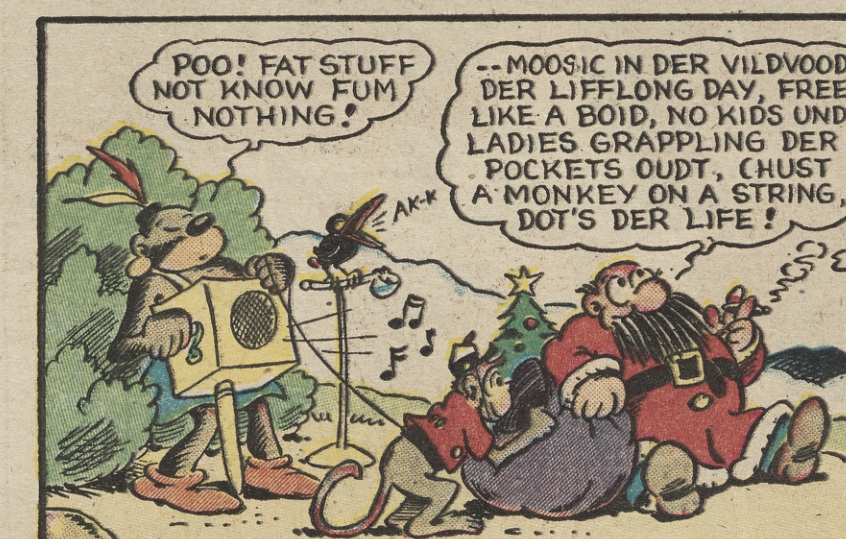

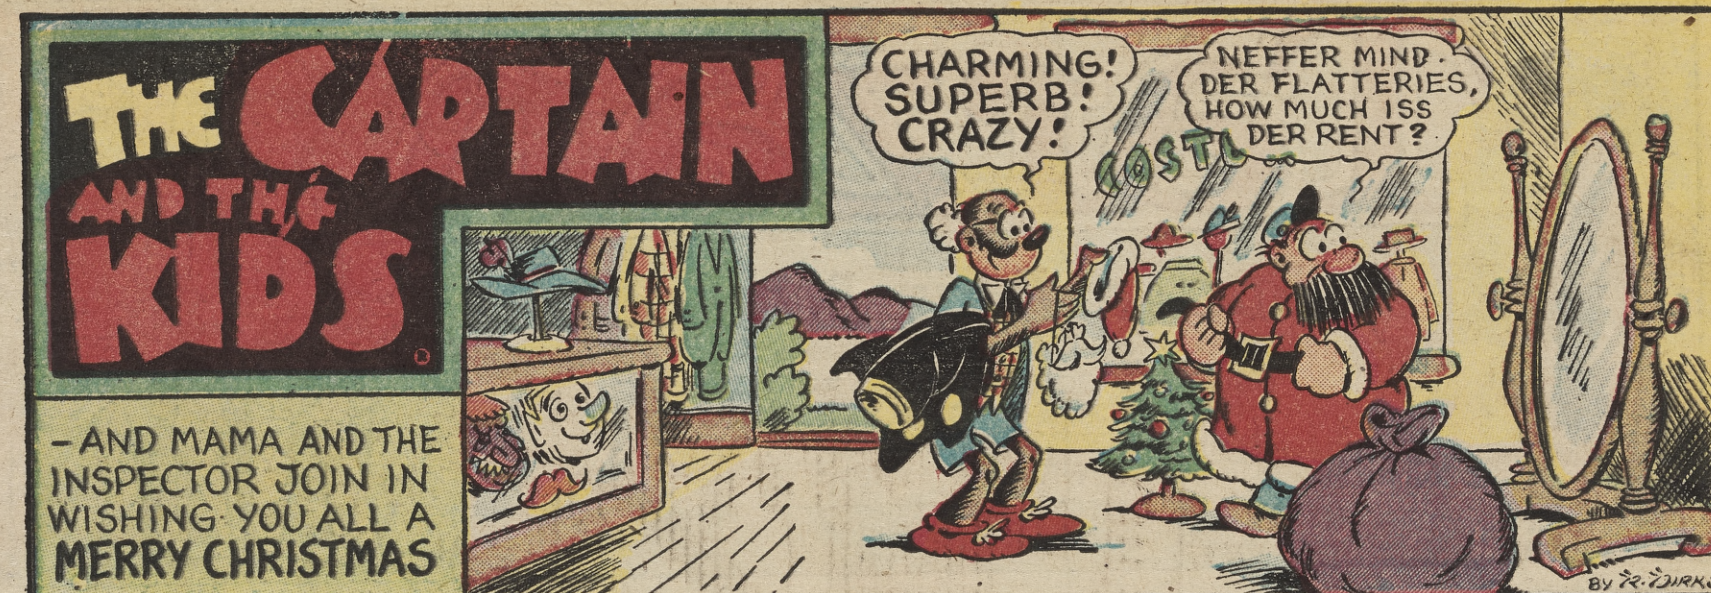

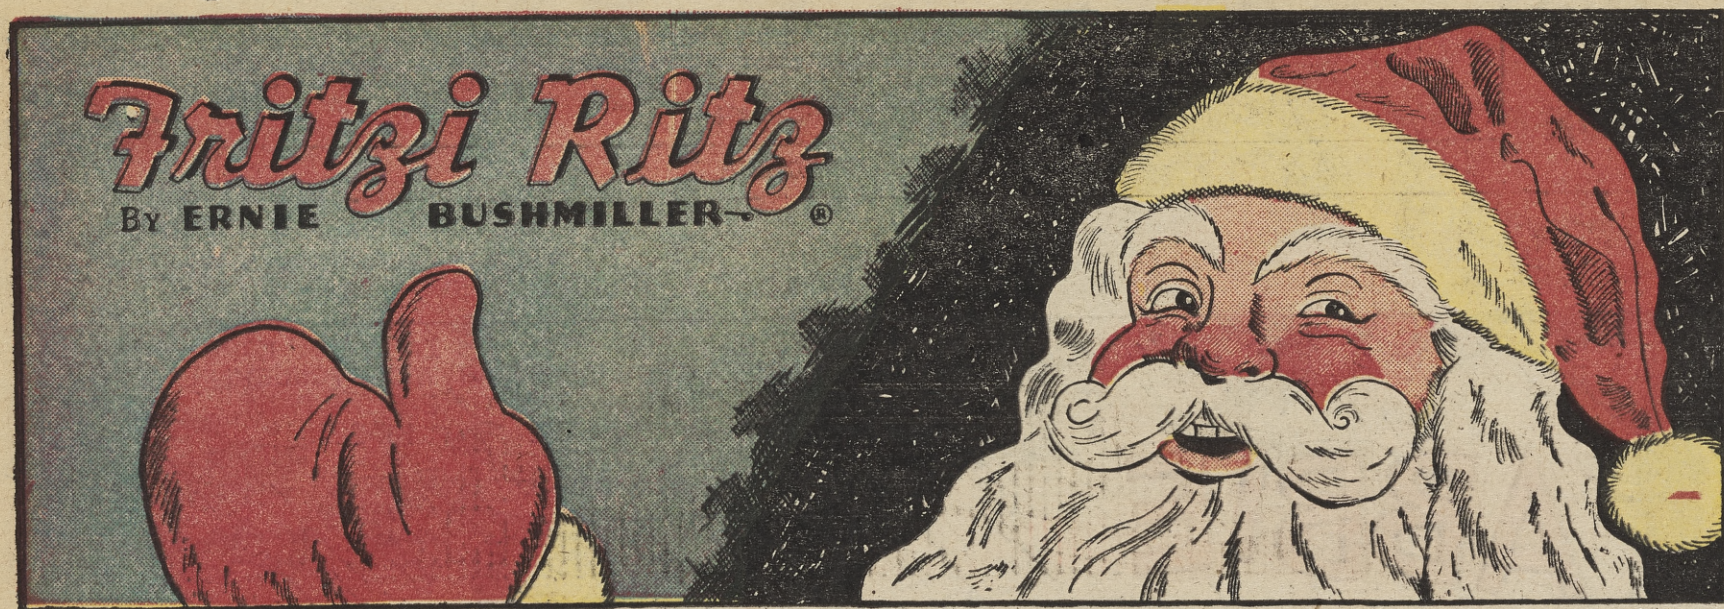

AND THAT (GASP) MAGIC CARPET, UNCLE BATHLESS...WHAT BECAME OF IT?

THAT WAS MY REWARD, BOYS... THE HOCKMIR SLIPS IT T' ME AS A TOKEN O' HIS APPRECIATION.

AND YOU (CHOKES) MEAN YOU STILL HAVE IT?

ALL THE TIME--COMES IN MIGHTY HANDY IN WEATHER LIKE THIS!

AN'--A FELLER CAN NEVER TELL WHEN HE'S GONNA HAVE USE FOR A MAGIC CARPET!! NO, SIREE!! MERRY CHRISTMAS, FOLKS!!
